K. How we intend to use and repay the funds

The purpose of this funding is for machine/equipment upgrading to improve the production and facilitate the manufacturing operations. Besides, part of the funds will be used for farming fish as this business is still in the beginning stage (only in 1 year operation).

Our company has been running for more than 19 years with stable sales. Additional commitment will not be a burden to us to serve the monthly repayment.

PLATFORM REMARKS

We are to inform that the issuer operates two (2) home-based fish breeding activities - one is at the premises where he is presently living and the other at a family-owned house in the suburb (where the keropok business is also located). As mentioned in the business plan above, the fish breeding business is presently about 1 year old and the fish are not ready for harvest. At this moment, the monthly repayment of the fund will be mainly dependent on the keropok business.
