J. How we intend to use and repay the funds

The funding will be utilized to strengthen and expand the company's operational capacity in cleaning, sewerage, drainage, and landscape maintenance services. The funds will be allocated towards maintenance of operational vehicles, working capital, staff wages, safety equipment, fuel, and other operational expenses to improve efficiency and service delivery.

In addition, part of the financing will be used to support business expansion, allowing the company to take on larger projects and increase service coverage for residential, commercial, and industrial clients.

The repayment of the funds will be made through the company's monthly business revenue generated from ongoing service contracts, maintenance projects, and new business opportunities. With a growing demand for cleaning and maintenance services, the company is confident in maintaining stable cash flow and meeting repayment obligations in a timely and responsible manner.
