BACKGROUND OF BUSINESS

A. Who are we

Supplier of heavy machinery and vehicle parts.

B. What do we do

We are specialize in supplying a wide range of equipment and vehicles used in construction, transportation, and industrial applications. This includes, but is not limited to, excavators, compactors, bulldozers, forklifts, rock drills, generators, lorries, and 4x4 vehicle engine parts.

C. When did we start our business operations

The business commenced operations in May 2023.

D. Where we are operating our business in

The business is operating at Kuala Lumpur. We run our business from a home office, elaborate as below:

- When customer needs a machine part such as excavator, forklift, or generator - they contact us with the details of what they need
- We then reach out to our trusted wholesalers to source the correct part at the best available price. Once the customer confirms the order, the wholesaler delivers the part directly to the customer's location.
- This approach allows us to operate efficiently without holding large amounts of stock at home. Our main role is to connect customers with the right parts and ensure everything is delivered smoothly and on time.
