H. Experience of our Key Management Team
The business owner has more than 12 years of experience in this industry.

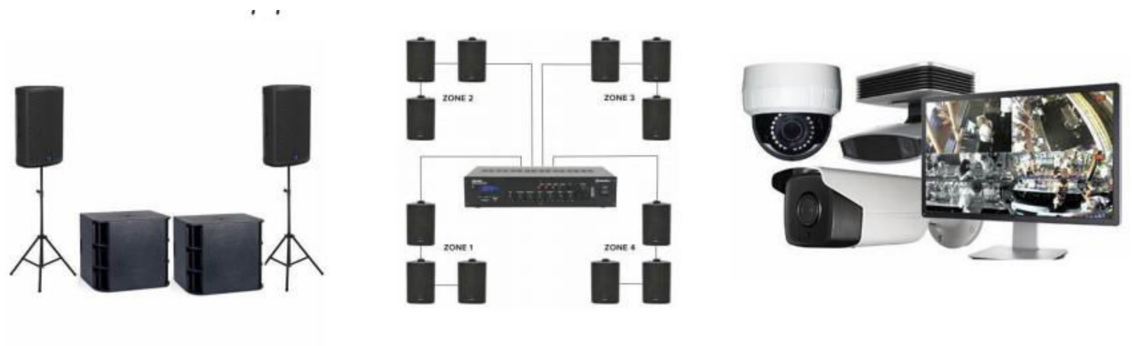
I. Staffing – Staff Strength
Business owner – 1
Technician – 3 (2 full-time & 1 part-time)

J. How we intend to use and repay the funds

The purpose of raising funds is to support working capital and cash flow needs. We seek funds to purchase inventory to meet our customer demands as we have a few on going projects to install the CCTV and AV system at school hall, well-known F&B outlets, fitness centre and showroom office. For your information, suppliers required to pay cash upon delivery. However, regular customers request for a 30 to 60 days credit term. So, that impacted our cash flow and prevented us from expanding further. Besides purchasing inventory, the funds will also be used to support our day-to-day operating expenses, including staff wages, transportation costs, and other general business expenses.

With the funds sought, it will definitely improve the company's cash flow and then increase profits by acquiring more customers. Therefore, profits can be used for instalment payments. We are committed repay in timely manner.

K. Other supporting information about our company



The PA (Public Address) system and CCTV system
