J. How we intend to use and repay the funds

The fund we are applying from Fundaztic will be used to enhance working capital to support our business expansion. The funding is required to purchase an additional transport vehicle to increase our delivery capacity, take on more transportation jobs, and support the growing demand for our services. Having an additional vehicle will also allow us to improve operational

flexibility and reduce reliance on third-party transportation services when handling additional or urgent delivery requirements.

We believe that by consistently offering honest services, we will be able to develop long-term relationships with our clients. We assure you that our main focus will be the quality of our service and make sure that customers get the best service from us. Hence, we are confident to serve our monthly instalment promptly and fully settle on time.
