BACKGROUND OF BUSINESS

A. Who are we

We are a wiring, electrical installation and repair service provider.

B. What do we do

We provide electrical installation and repair services for various electrical works, including power points and sockets, network points for floors, ceilings and walls, CCTV points, lighting points, emergency lighting and "KELUAR" signboard wiring, air-conditioning points, light installation and other related electrical works.

We serve customers based on their electrical installation and repair requirements. We also work together with other renovation contractors for their project requirements. Our business receives new customers through referrals from existing customers due to our good service and quality of work.

C. When did we start our business operations

We commenced our business operations in November 2014.

D. Where we are operating our business in

Our business operates from our own house located in Melaka.

E. How much have we invested into the business to-date

To date, we have invested around RM100,000 into the business.

We are confident to serve our monthly repayment promptly and fully settle on time.

K. Other supporting information about our company**Platform Remarks**

Due to the temporary unavailability of CCRIS access specifically for our platform services provider, our automated credit scoring model has unfortunately been impacted. Consequently, we cannot provide the regular Risk Grade and projected Bad Rate. Until this specific access issue is resolved, our team of experienced credit managers will manually assess and approve all funding requests. All Notes approved under this temporary manual process will be assigned an X1 risk grade.
