J. How we intend to use and repay the funds

The funds will primarily be utilised as working capital to support day-to-day business operations, including transportation-related operating expenses, vehicle-related costs, manpower, logistics arrangements and other business expenses.

The funding will enable the company to maintain sufficient working capital to fulfil customer orders and support the continuity and growth of its logistics operations.

Repayment will be supported by the cash flow generated from the company's ongoing freight transportation and logistics activities. As the business continues to secure transportation assignments and serve its existing and new customers, the generated operating cash flow will be utilised to meet the scheduled repayment obligations.

K. Other supporting information about our company**Platform Remarks**

Due to the temporary unavailability of CCRIS access specifically for our platform services provider, our automated credit scoring model has unfortunately been impacted. Consequently, we cannot provide the regular Risk Grade and projected Bad Rate. Until this specific access issue is resolved, our team of experienced credit managers will manually assess and approve all funding requests. All Notes approved under this temporary manual process will be assigned an X1 risk grade.
